ANOTHER COLEMAN BOY GOING TO THE FRONT

Arthur E. Graham, son of Mr. and Mrs. F. G. Graham, of Coleman, has enlisted for service with the Grand Forks contingent of sharpshooters and is now in training there. He expects to visit his parents in Coleman for a week or so at the end of the present month before going to the front. The following items referring to Arthur's enlistment are taken from the Nelson Daily News:

"Three of the recruits are from the staff of the Daily News, making a total of five to leave the office since the outbreak of the war. Arthur E. Graham has for the past 11 months been a member of the editorial staff of the Daily News. He is a graduate of the Nelson high school and has spent the greater part of his life in the city and district, throughout which he is well known."

"Military wrist watches were presented to W. A. Curran and A. E. Graham of the editorial staff of the Daily News by the day and night staffs of the paper previous to their departure for Grand Forks to join the regiment there."

PAY COMPENSATION JUNE 1

Arrangements have been made whereby the Hillcrest Collieries, Ltd., will pay over the first installment of the compensation, resulting from the mine disaster of last spring, on June 1. The total amount of compensation reaches close to the quarter million mark, and the amount paid in June will run into five figures. Since the agreement was reached between the owners of the mine and the counsel for the widows and orphans, the number of names on schedule "A" entitling full compensation of \$1800 has been increased from 57 to 75, and it is believed full compensation will eventually be paid to over 90 families.

MAY USE POSTAGE STAMPS.

The Post Office Department has issued further notice to the effect that postage stamps may be used for the prepayment of war duties on bank cheques, bills of exchange, promissory notes, express money orders, proprietary or patent medicines, perfumery, wines or champagne, as well as upon letters and postcards, postal notes and post office money orders, the intention being to provide facilities in those portions of the country where postage stamps are not readily available. This in view of the fact that postage stamps may be obtained at all points over the whole country, in many places where there is no Collector of Inland Revenue and no Inland Revenue stamps could be obtained, is a distinct convenience to the public, and no doubt will be largely taken advantage of.

CLEAN UP!

Now let us give the war a rest, the rout, the siege, the bully, and eagerly shed our coat and vest, and go and clean the alley! Let's gather up the dogs and cats which have this life departed, and let tin cans and bricks and hats off to the dump be carted. In winter you may voice your views, which you believe important, and base long sermons on the news, but in the Spring you'd better start. Then every able-bodied man should, who has the "Clean Up" slogan, and chase the old tomato can, the castoff hat and brogan. So let us clear our bulging bosoms of trifling thoughts and narrow, and gather up the old dead cows, and work the rake and harrow. The rubbish left by careless men, and lazy human cheeses, will bring a host of germs again, and they'll bring punk diseases. And for a billion flies will come, as many microbes bearing, and round our weary heads they'll hum, and keep us busy swatting. Clean up! Clean up! On every block let all the workers rally! No man should stand around and talk until he's cleaned his alley!

NEW INVENTION

After a decade of experiments a Hull scientist claims he has found a substitute for gasoline, and in a test before several officials of the public works department Saturday, two tablespoonfuls of the liquid mixed with two quarts of water proved sufficient to run a 24 horsepower engine for an hour and a half without stopping. The discoverer, who is Gideon Charbonneau, of Hull, claims he will be able to manufacture the liquid, which he calls "charbo-oil," in any quantity at 4 cents per gallon. The liquid does not give off any smoke and the inventor asserts that it will revolutionize the automobile and other industries.

A fire in Brooks, Alta., last fall destroyed all the municipal records, including the tax roll, and the council now finds itself in a rather bad way financially.

A couple of Toronto stenographers successfully fought two burglars and saved several hundred dollars of their employer's cash. Those thugs were obviously unmarried men. If they had ever been married they would have recognized the futility of trying to make a woman drop a piece of real money once she gets her hands on it.

A remarkable situation has developed in regard to Speaker Laundy of the senate, who has been absent from the post for two days. It is stated that he has gone out on a "strike." It appears there has been a difference of opinion between the speaker and the internal economy committee of the senate in regard to salary increases and promotions. The speaker claims control of these and so does the committee.

"S. O. S."

A large number of accounts were mailed from The Bulletin office this week to persons who are indebted to us for subscription. We sent these statements out simply because we needed the money, but so far the response has not been as great as if it should have been. It is a rather difficult proposition to run a newspaper anywhere just now—it is especially hard here in Coleman under present conditions, and those of our subscribers who can pay up—and many delinquents can—would make the task considerably easier. Don't put it off just because the amount you owe is small, remember we have over five hundred of them and the total is rather large.

ABBREVIATED.

This issue of The Bulletin is sent out in abbreviated form, but by using smaller news type, throwing out a few non-paying ads., reducing the size of a few ads., and slightly increasing the price of some others, thus putting all on an equal footing as to rates, etc., we are able to reduce expenses considerably and at the same time give our patrons more news than was contained in the old paper. The price of every paper in the country has reduced its size in recent months and The Bulletin is merely following the lead. As soon as business conditions in The Pass improve the paper will revert to eight pages.

BEAVER VISITS CALGARY

A half grown beaver was spotted the other day by a Calgary resident of the north hill, in the Bow river, just above the Centre street bridge. The little animal was apparently alone and was making its way up stream. This is not the first time that beavers have been seen in the Bow river near that city and they are fairly plentiful throughout the district, but it is probably the first time that one has made its way so closely to the centre of the city.

CHURCH ANNIVERSARY

The anniversary services in connection with the ninth anniversary of the Institutional church, which took place last Sunday, were well attended and the sermons of Rev. A. H. Denoon, who presided both morning and evening, were greatly appreciated by the large congregations present. The service of sacred song held in the afternoon was very ably rendered and was a decidedly enjoyable event. The anniversary tea held on Monday evening did not attract as large a crowd as might have been expected, but the program was good and was enjoyed by all present.

The club room of the Institutional church is now open to the public as a reading room.

Last week the Blainmore Enterprise printed a pretty good comment on the attitude of many temperance people who seem to think it is little short of a crime for a newspaper to accept advertising from the license holders of the province. Editor Earle hit the nail squarely on the head when he points out that advertising space is the newspaper's stock in trade, and that the newspaper man has just as much right to sell that commodity to the liquor interest as the merchant prohibitionist has to sell them groceries, etc.

Gerald Riddell has returned to college at Calgary after having spent the holidays with his parents here.

Several new cottages have been erected at the lake recently, and a number of new boats will be put on this spring.

The streets of the town have been cleaned up and garbage cleared the past week. The appearance of the town is greatly improved thereby.

A Red Cross tea and sale of home-made cooking will be held in the club room of the Institutional church on Saturday afternoon of this week.

Secretary-Treasurer Ford is busy getting out the tax notices these days, and managed to issue the majority of them before the war tax became applicable.

A German, with a record of a rather doubtful character, was gathered in by the mounted police last week. For the next two weeks his address will be Milledale, Alta.

W. Rogers has severed his connection with the Western Canadian Co-Operative Trading Co. Alex. Easton has been appointed to the position thus made vacant.

A serious fire took place at Sedgewick on Saturday morning last when the Alberta Farmers' Co-Operative elevator was burned to the ground.

An interesting bowling match took place recently between the Knights of Pythias and Graham's pool room, the former winning. The contestants may bowl another match at an early date.

The mounted police corralled an Italian who drifted in from the West a few days ago, and as he was unable to explain satisfactorily just why he was packing a six-shooter, his artillery was confiscated.

A new movement of the old Culbren cut slide on the west bank of the canal occurred a few days ago, and has closed the canal. Several ships are tied up. The channel will be cleared and re-opened today.

It was stated last week at the annual meeting of the Vancouver relief association that the cost of relief in the past five months to the city was \$175,000, of which amount \$71,000 was actually spent for food.

A large number of Blairmore and Frank people attended the anniversary services of the Institutional church here on Sunday. Rev. Cook and Mr. Williams, of Bellevue, were present on Monday evening.

Calgary Albertan: This being a somewhat dull season for news the editors of The Blairmore Enterprise and The Coleman Bulletin have been passing the time sniping each other with 10-point Roman shells.

A rumor has been going the rounds during the past week or so to the effect that another train—the old Soo Flyer—was to be put back on this line on the 20th. The C. P. R. officials, however, have not heard anything of the matter yet.

Mrs. Wadnoski, wife of the C. P. R. agent at Burns, was brought to Coleman on Tuesday evening, suffering with acute appendicitis, and an operation was performed the same evening by Dr. Ross. The lady is now progressing favorably.

A miner named C. Belak, while working at the McGillivray hotel on Saturday evening last, got his hand caught in the machinery and three of his fingers were crushed before he could be released. Dr. Connolly dressed the injured hand.

The assessment and completion of the tax roll for Coleman has all been accomplished this year about three months earlier than formerly. This should help finance the municipality, as it means that taxes can be collected just that much earlier than usual.

H. Deugan has purchased the Evans building on Main street, formerly occupied by Dr. Ross, and has moved his stock of confectionery, etc., into his new premises. Mr. Deugan has had the interior of the building renovated and it now presents a nice, natty appearance.

A group of small boys were up before the police a few days ago for damaging the band stand in the park. The police should also get after the big boys who amuse themselves on Sunday afternoons by destroying the fence around the athletic ground and otherwise damaging property.

The Coleman Angling Association seems to have got away to a good start and quite a large number have joined. The fee has been placed at the nominal sum of 25c. and all who are interested in this form of sport should become members. J. A. Joseph is the secretary-treasurer and will be glad to receive names at any time.

"The best comic picture that has ever been shown in Coleman" is the way the patrons of the opera house described the program rendered there last Monday evening. The pictures at this play house have never been as good as they are just now, and the attendance is increasing every night.

A ratpoyer called at The Bulletin office this week and suggested that it would be a pretty good idea to have the foot path leading up the hill on the east side of the town, laid out for shape—while the relief work is going on. A very little spade work, and a hand rail of some sort, would be a great convenience to those who have to use that route.

A football match, the first of the season, has been arranged to take place on Saturday afternoon between the Coleman team and members of the 13th Mounted Rifles now in training at Pincher Creek. The kick-off will take place at 4:00 o'clock, and an admission fee of 25c. will be charged. Suitable mementoes will be presented to the volunteers from Coleman during the afternoon.
